2keysgames are the most challenging, yet enjoyable games that I have discovered on the net! The graphics are amazing, and they are full of humorous innuendos, and extremely unique ideas! I cannot wait until the next adventure comes out! Keep up the amazing work!

Tinky (Greece), 31 Dec 2007

I really love 2keysgames because there is a rational connection at the aim and the act. I adore the colours, the graphics, and the sounds! The innovation of a recyclable inventory

Escape from Pompeii

is very intriguing. And the puzzles that we have to solve instead of sophisticated mathematical equation are more fun!!! Thank you for the games that you amuse us with! Can't wait for the next ones!

Lili (France), 5 Jan 2008

Your games are among my favourites and just today I was thinking how it had been a while since I last played one of those great graphic, full of humour games where you're not supposed to pick up everything you find. And here they are!

RosieS (USA), 23 Feb 2008

When you see the gramophone fall to start a 2keys game you know you will be playing for quite a while! All of the room games are challenges, with puzzles that require effort to get through. Once you do, however, the game works as it should. Each of the Rooms is bug free, which is not the case with many other point-and-click games.

tansayi (China), 28 Feb 2008

I am a great fun of your games from China. Your games are very interesting and challenging. My friend and I both like your games and we play together to find the right way out. Your games give us much pleasure! Thank you. Looking forward to your next game.

Milda (Lithuania), 21 Mar 2008

I really like 2keys games, because they are the hardest, yet funniest games I have played ever. The graphics, artwork and the store lines are absolutely amazing. I can't wait for more!

Junhel (Philippines), 28 Apr 2008

Most of the games rely on dexterity, intelligence, and instinct. These are ingredients for a well rounded developmental progress of a child. Children and adults alike will not waste their time playing these flash games because they are educational and rich in content.

Caitlin (New Zealand), 7 Dec 2008

These 2key games are the bomb I started playing in November because my sister introduced them to me and I cant stop everyday after school I play im so addictive I haven't finished all of them yet but it is a opportunity for everyone to make there brain strong. Please make some more! Thanks!!!

James Dennis (Australia), 18 Feb 2009

normally hate doing those "fun" brain training games, etc. but I have really enjoy this series so far. Thank you for creating this fun series!

Linda (Denmark), 11 Jun 2009

Thank you! These games have often made my day - and night :-). Humour, special kind of logic, good sounds and intelligent/difficult solutions. Play the games over and over again and find more funny details. When a new game is on its way, I look forward to solving it!

Adam Loneragan (Ireland), 29 Jan 2010

Your games are the best by far. You have to solve really good puzzles. Finding stuff is hard, the way it should be.
